

 **Tectyl™**

# Corrosion protection

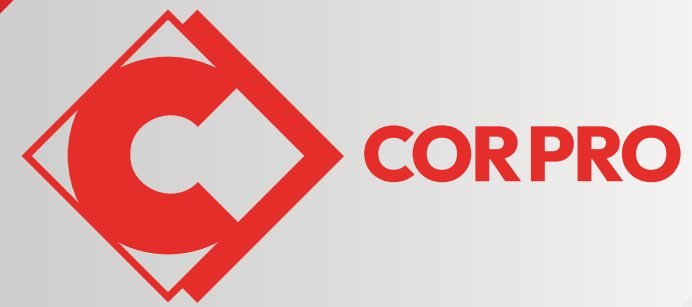

## Born to protect.

Proven since 1930's. Backed by CorPro.

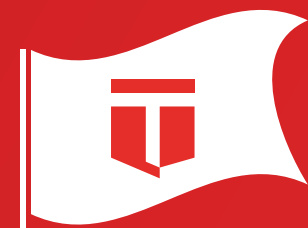

**Tectyl**<sup>TM</sup>  
Born to protect.

We have made it our goal to establish  
**Tectyl** on top of the European  
corrosion protection brands.  
.....

## About Us

CorPro is a newly founded company leading a renowned traditional brand into a successful future.

With flexibility, dynamism and motivation, we supply the best possible products to protect against corrosion and corrosion-related damage.

**We are CorPro.  
We are Tectyl.**

## The Beginning

Tectyl was first developed in the 1930s as an innovative rust preventative coating brand, aimed at protecting military and industrial equipment. It quickly gained recognition for its exceptional corrosion resistance.

1930

## Industrial Expansion

With post-war industrial growth, Tectyl expanded into the automotive and manufacturing sectors, becoming a trusted solution for corrosion protection worldwide.

1950

## Global Growth

The brand extended its global footprint, establishing distribution and production in Europe, Asia, and North America.

1970

## Environmental Focus

Tectyl began developing eco-friendly and water-based products, driven by innovation from a new lab, strengthened by full partner support, and expanded with non-solvent sustainable solutions.

1990

## Backed by CorPro

Since 2023, Tectyl proudly operates under the CorPro - bringing even more expertise, reach, and innovation to corrosion protection.

2023

## Tectyl Today

- ▲ One product strategy
- ▲ A strong focus on innovations
- ▲ A boost for the future

## Our Reach in Numbers

- ▲ Together with Asia and the USA, we cover the whole world
- ▲ Trusted by **100+** distribution partners
- ▲ Products shipped as far as **West Africa** – our longest supply route to date
- ▲ We don't fear complexity. We deliver, anywhere.

## Our Impact in Numbers

- ▲ **250+** product variations in active use
- ▲ **Over 50,000 liters shipped globally every day**
- ▲ That's enough to “coat” the entire Eiffel Tower... 300 times a year
- ▲ **11,000 km** of delivery is easy for us

Protection that lasts. Anywhere it matters.

# Inside Tectyl

## Innovation starts in Eindhoven...

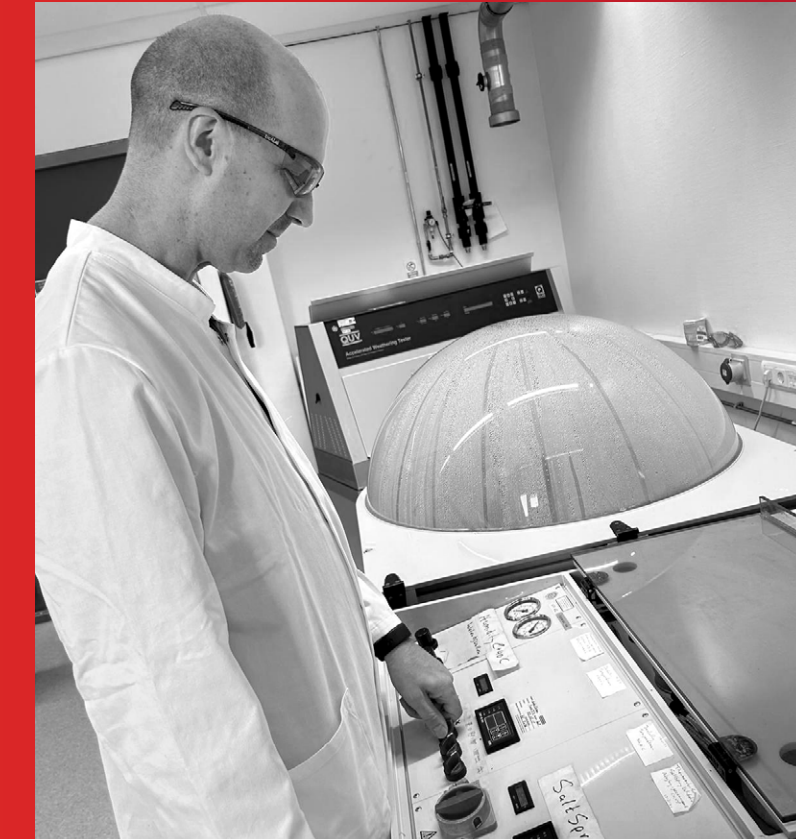

Our technical center is located at the heart of the Brainport Campus in Eindhoven – one of Europe’s top innovation ecosystems. Every day, new Tectyl formulations are developed and tested here – for durability, performance, and environmental standards of tomorrow.

## ...continue in Eschborn

Tectyl is driven international team of dedicated corrosion experts

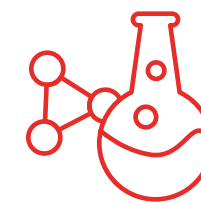

- ▲ Chemists and application engineers
- ▲ International sales support Team
- ▲ Customer-focused, field-proven, and always evolving

# We are not just making coatings. We are protecting value.

## Powered by people

Tectyl is driven by an international team of dedicated corrosion experts – many of whom have been with the brand for over 30 years.

## Innovation Lab

We create innovations that matter to the world. For decades, we have been empowering businesses and consumers worldwide with the gold standard in corrosion protection. Proven by time and driven by innovation, we deliver solutions that sustain industries, environments, and communities across the globe.

## Our Technical Support

- ▲ 80% of success comes from knowledge of proper product application
- ▲ 30 years of experience
- ▲ Training programs and on-site support
- ▲ We provide expert knowledge through training and support.

# Product segmentation

**Product use**

**Base chemistry**

**Application method**

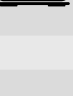

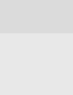

**Carrier**

**Industry Use**

Underbody coatings	Wax/Asphaltic	Spray	Solvent	 500 ml Aerosol	Automotive, Commercial Vehicles. Bus & Trains Interiors
Cavity waxes	Asphaltic	Low pressure spray	Water-based	 1L Vacuum Can	Construction, Heavy Machinery, Welded Frames
Multi-purpose protection	Polymer Dispersion	Airless	Non-solvent	 1L Can	Off-road & Agriculture
Water-based general use	Wax	Brush		 5L	Industrial Equipment, Manufacturing, Spare Parts, Tools
Engine/System Oils	Oil	Dipping		 20L Pail	Wind Energy
Speciality, Cleaners & Preparations	Wax/Oil	Aerosol		 20L K	OEM, Export, Engine Storage
Sounddamping	Oil/Wax			 59L KEG	Surface Preparation, Surface Cleaning
General corrosion preventive	Oil/Resin			 190/200/203L Drums	Workshop, Service, DIY, Consumer, Home, Maintenance
	Resin			 1000L IBC	Marine, Railway, Public Transport
	Grease			 Bulk Truck	
	Solvent				

# Tectyl Product Segments

We offer a full portfolio of protection – tailored to your application.

## Underbody Coatings

Tough, abrasion-resistant bitumen and wax-based coatings that protect vehicle underbodies from salt, water, and road debris.

## Cavity Waxes

Deep-penetrating corrosion inhibitors designed for hidden areas such as door panels, sills, beams, and cavities.

## Multi-Purpose Protection

Flexible and trusted products for temporary or long-term protection during storage, transport, or service use.

## Water-Based Products

Modern, environmentally friendly coatings with high protective performance and low VOC content.

## Engine/System Oils

Preservative oils for combustion engines, hydraulics, and cooling systems – including MIL-approved grades.

## Speciality, Cleaners & Preparations

Cleaners, degreasers, and technical preparation fluids that support effective surface protection.

## Sounddamping

Polymer and bitumen-based coatings designed to reduce noise and vibrations in automotive and industrial environments.

## General Corrosion Preventive

Transparent or lightly tinted films for indoor and in transit rust protection – available in aerosol or bulk formats.

# What Makes Tectyl Different

# Tectyl is trusted worldwide across critical industries

## ▲ OEM Manufacturing

Automotive OEM, Heavy-Duty OEM (trucks, buses, construction machinery OEM lines), Agricultural OEM, Rail OEM, Marine OEM, Industrial OEM, Aircraft OEM, Component Suppliers

## ▲ Vehicles

Cars, Trucks, Buses, Commercial Vehicles, Agricultural Vehicles, Construction Machinery, Rail / Trains, Military Vehicles, Aircrafts

## ▲ Marine & Offshore

Ships / Marine, Offshore Equipment

## ▲ Industrial & Manufacturing

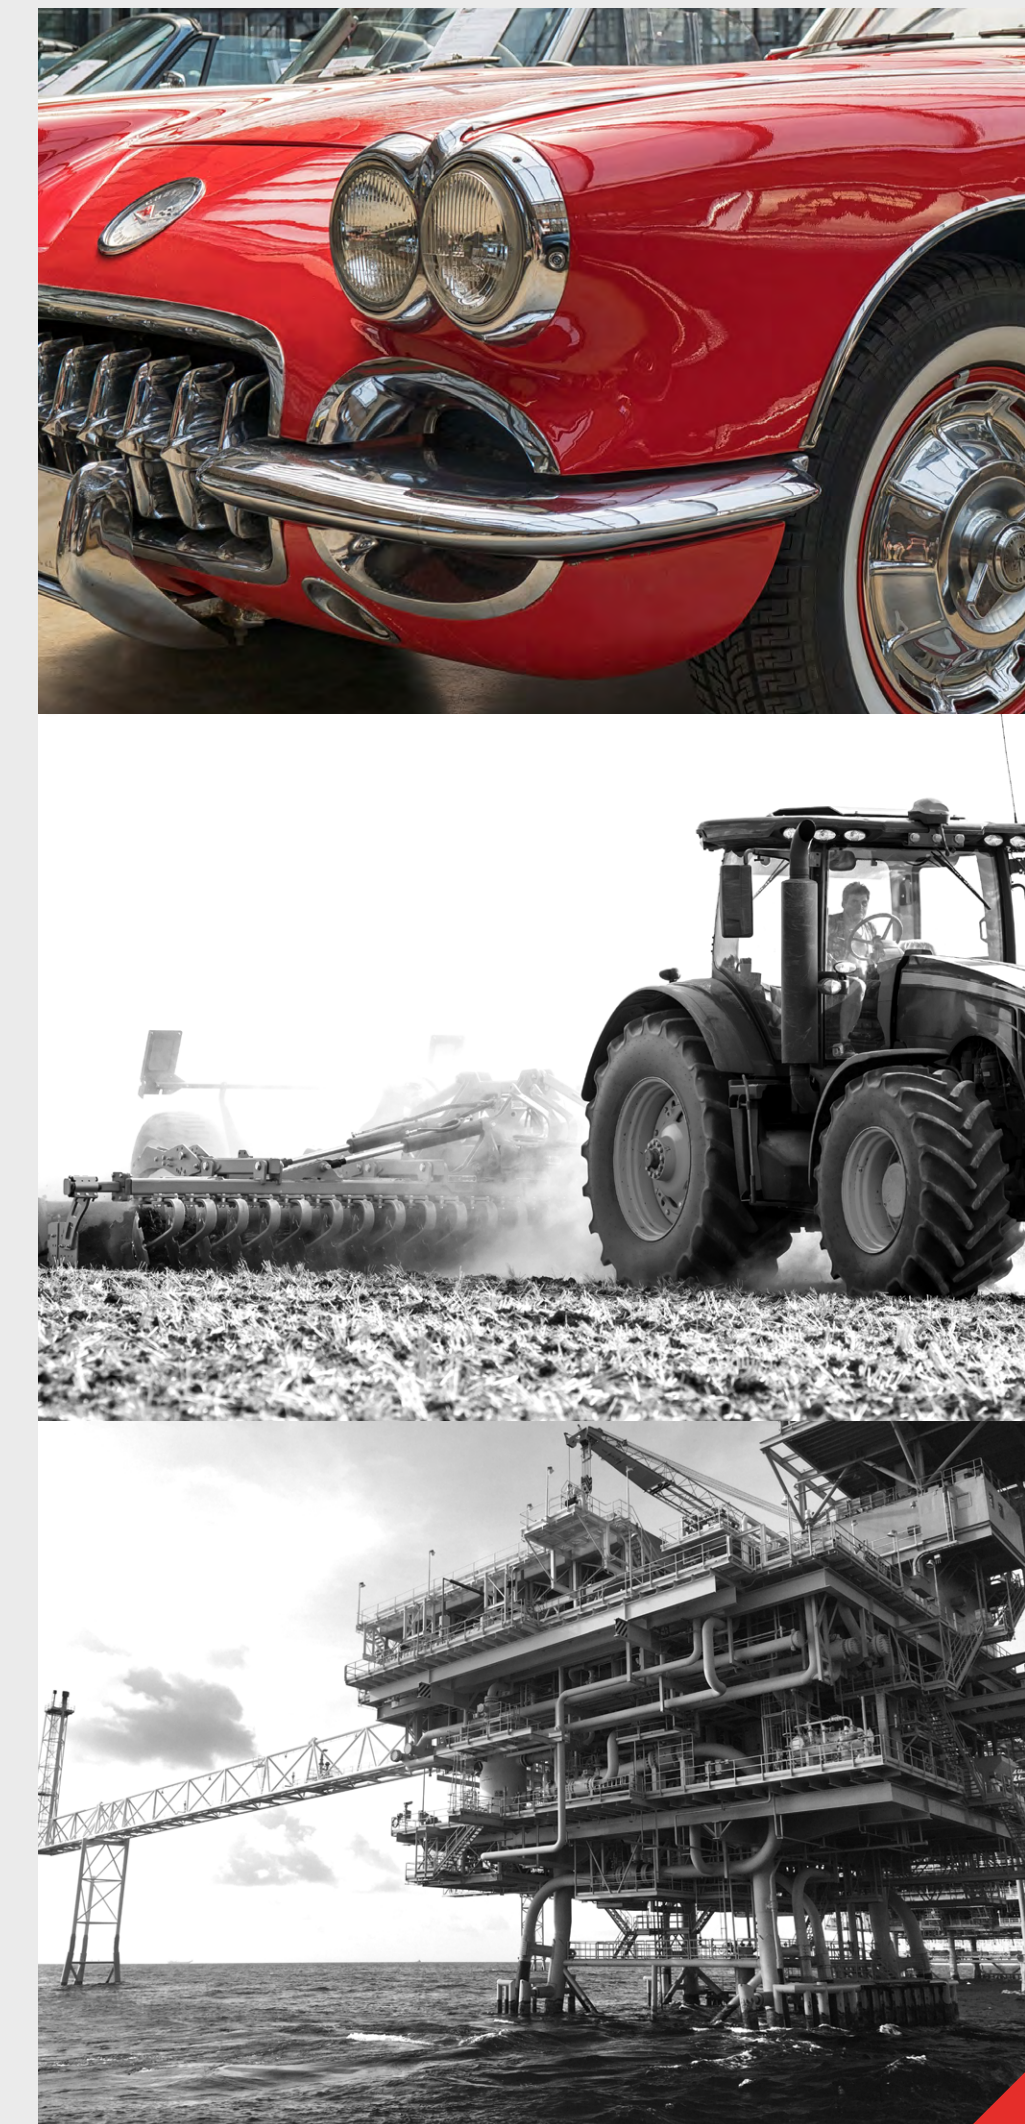

Industrial Equipment, Pipes & Tubing, Tools & Spare Parts, Metal Components, Hydraulic Systems

## ▲ Energy

Wind Turbines, Power Plants, Engines & Systems  
Combustion Engines, Electrical cars, Gearboxes & Transmissions,  
Engine Storage

## ▲ DIY & Maitnance

Workshops, Service Centers, Consumers, Hausholds

## Conclusion - Why Tectyl?

- ▲ We are not just a supplier – we are your **technical partner**.
- ▲ We've been fighting corrosion since the **1930s**.
- ▲ We deliver **solutions for every scale** – from a single part to hundreds of machines.

Let's make corrosion one less thing you ever have to worry about.

## What Makes Us Proud

Over **1,000**  
**satisfied**  
**industrial**  
**customers**  
across the  
globe

**Lab-tested.**  
**OEM-validated.**  
**Proven**  
in real-world  
applications

Dozens of  
successful  
**audits and**  
**certifications**

An **unbroken**  
**legacy** of trust,  
consistency,  
and results

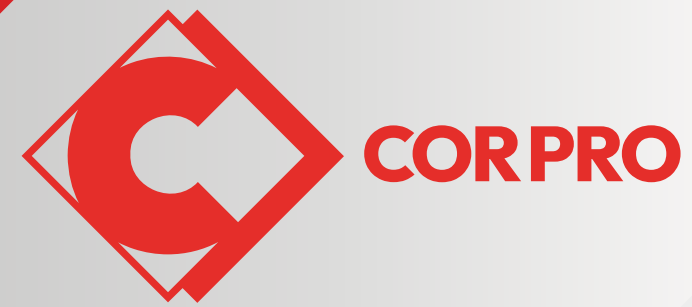

Renowned for our  
anti corrosion expertise  
and proud heritage.

Shaping today for a  
remarkable future.

**Tectyl**<sup>TM</sup>  
Born to protect.
